Wishlist

Browse and add ideas — places to visit, restaurants to try, or experiences you'd love. Add an emoji, description, and optional link.

Changes Log

See a timestamped log of every recent update to the trip so you're always in the loop.

QUICK TIPS

Install as an app

On mobile, tap "Add to Home Screen" in your browser for a native app feel with offline access.

Real-time sync

Any changes — yours or the admin's — appear live for everyone without refreshing.

Your trips only

You'll only see trips you've been explicitly invited to — everything else stays private.

Edit your wishlist

You can edit or delete wishlist items you added — but only the trip admin can change the main itinerary.
